- **Format: Match Fourballs (Gross + Net) Team vs Team**
 - Team Event – All participants will be equally divided (randomly) per handicap into two teams (Red and Blue)
 - Each foursome will consist of 2 Red player and 2 Blue players with 1 point up for grabs during this team match play
 - To score a hole, you will take the lowest GROSS score + the Net Score. IE, if the higher handicap scores a par on a par 4 and gets a stroke and the lower handicap scores a bogey without a stroke. The team score is $4 + 5 = 9$. Since the higher handicapper scored the lower gross, the handicap stroke is not scored or if the lower handicap scores a par and the higher handicap scores a bogey with a stroke, the team score would be $4 + 4 = 8$. The team with the lower score wins the hole. The team that wins the match over the 18 holes is awarded 1 point for their overall team score. If there is a tie, the point is halved.
 - The team with the highest total of points wins the Ryder cup and splits the tournament money.
- **Handicap: See below**
 - USGA handicap required. The Callaway System will be used for guests that do not have a GHIN handicap
- **Payouts:**
 - Team with the highest total amount of points will split the tournament purse.
- **Skin Games: Optional**
 - Individual GROSS and NET skins game - 2 tie all tie on the skins game
- **Tie-Breaker:**
 - If there is a tie, the team captain's overall GROSS score (lowest handicapper on each team) will determine winner. If GROSS scores are the same, then it will be back 9, last 6, last 3 of their scorecard
- **Food: 9 ½ Shack**
